Kara Taylor

Hello Everyone!

The three of us are a couple hundred short of paying for our dream cruise this summer. So we want you to know that we have full access to hideous pictures of each and every one of you. Now, if you don't want your mugshots following you around next year, pay up!!

But seriously, after spending countless hours and numerous previously "free" periods in the yearbook office, we are proud to present this yearbook to you. From the start, we were determined to include all of the members of the class of '96; however, our goals sometimes seemed unattainable since so many of you (especially you guys) are extremely camera-shy.

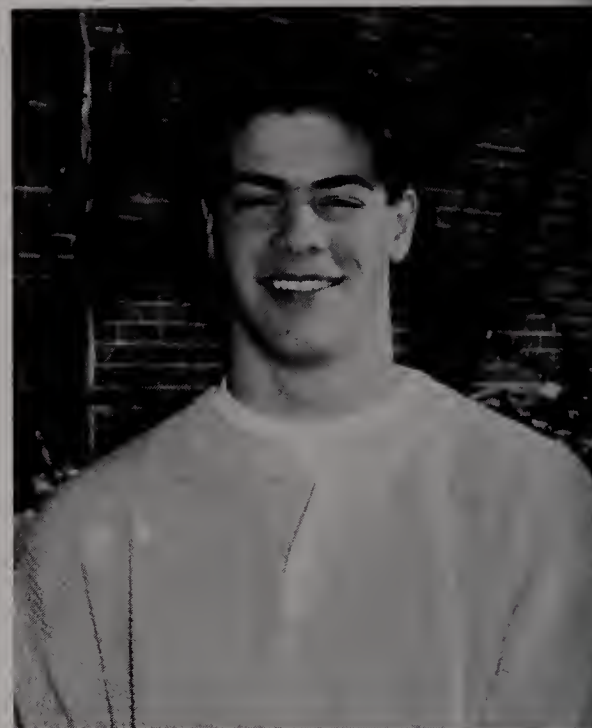

From our Case Rally to our semi-formals to our boat cruise to our proms, we have incorporated memories into this yearbook that will last a lifetime. In the years ahead, we're certain you'll flip through these pages and smile. We'd like to extend a word of thanks to our advisor, Mr. LaMothe, for his humor and patience (It only took ten periods to learn how to crop one picture!) Also, our sincerest thanks goes out to the photographers from Chestnut Hill Studios and Norval Garnett of Jostens.

Enjoy the yearbook and cherish the good times we've spent together. We hope your futures are so bright you have to wear shades!!!

Thanks,

Christina, Kara, & Marina

President's Message

How can I explain four great years at Somerset High School in just a few short paragraphs? We have learned so much, important lessons from our books and lessons in life.

We do, of course, leave much more knowledgeable than when we arrived as freshmen. But, the most meaningful and memorable times and experiences of high school go far beyond the scope of academics. We have all dealt with the range of emotions of our age and time; now we are better off for having done so. We have struggled through crises. Friends have come and gone, along with relationships, but we have managed to survive. We have conquered roadblocks in our paths, and learned immensely from them. We leave, not necessarily with the life goal of remembering all irregular verbs in our various foreign languages or the atomic mass of every element from chemistry, but certainly clearer thinkers and more mature reasoners. We have surely been well prepared for the rigors and difficulties that we will encounter in "the real world."

I have all sorts of memories that stand out in my mind. These have truly been the best years of my life. The good times, as well as the bad, will always be vivid. Our worst-to-first Case Rally comeback and back-to-back wins will always hold a special place in my heart. School concerts with hundreds cheering were always uplifting. Also, the opportunities that teachers have afforded me over the course of the last few years have been fantastic and limitless. These thoughts will stay with me, no matter what the future brings. I am sure that you will have a range of memories of your high school years just as I do.

The opportunity to serve as your class president has been a privilege, and the chance to work with advisors Mr. Pineault and Mr. Sorem, an honor. My term does not end in June, and I will be with you for reunions long after diplomas are received.

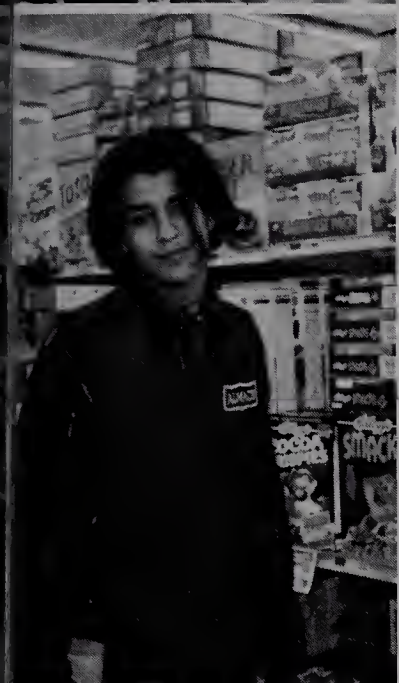

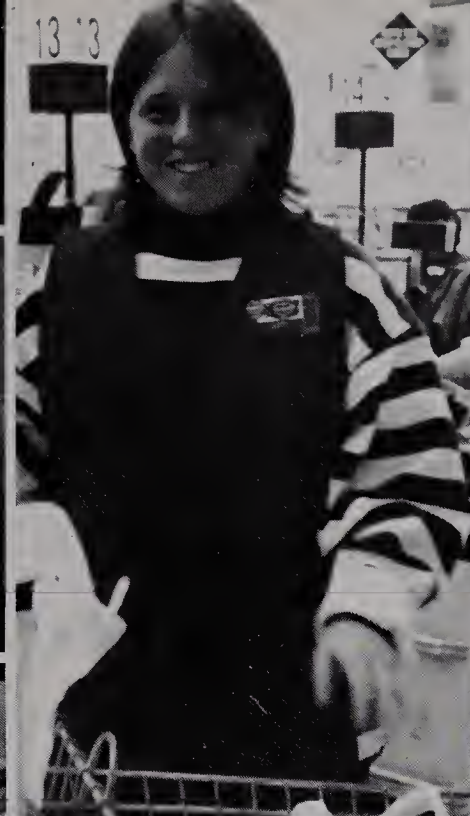

Graduation cannot be considered an end. I know that this saying is trite, but consider our departure from SHS a new beginning. Set goals, strive for them, and achieve them. Always remember this: Dreams are only goals not yet reached.

The halls of Somerset High School will be filled with a new group of freshmen, and some of our closest friends will be the next seniors. In the following years, the school will be continually replenished with students, but the class of 1996 will never be replaced.

Maybe if they'd had a better education,
they would have survived.

The dinosaurs became extinct because they couldn't compete in a changing world. Don't let that happen to you!

In today's world, *the movers and shakers aren't necessarily the biggest or even the brightest. They're the ones who have the skills that allow them to compete over a lifetime.* Let St. Anne's Credit Union help you acquire those skills by financing your education in a technical, vocational, college, or graduate school.

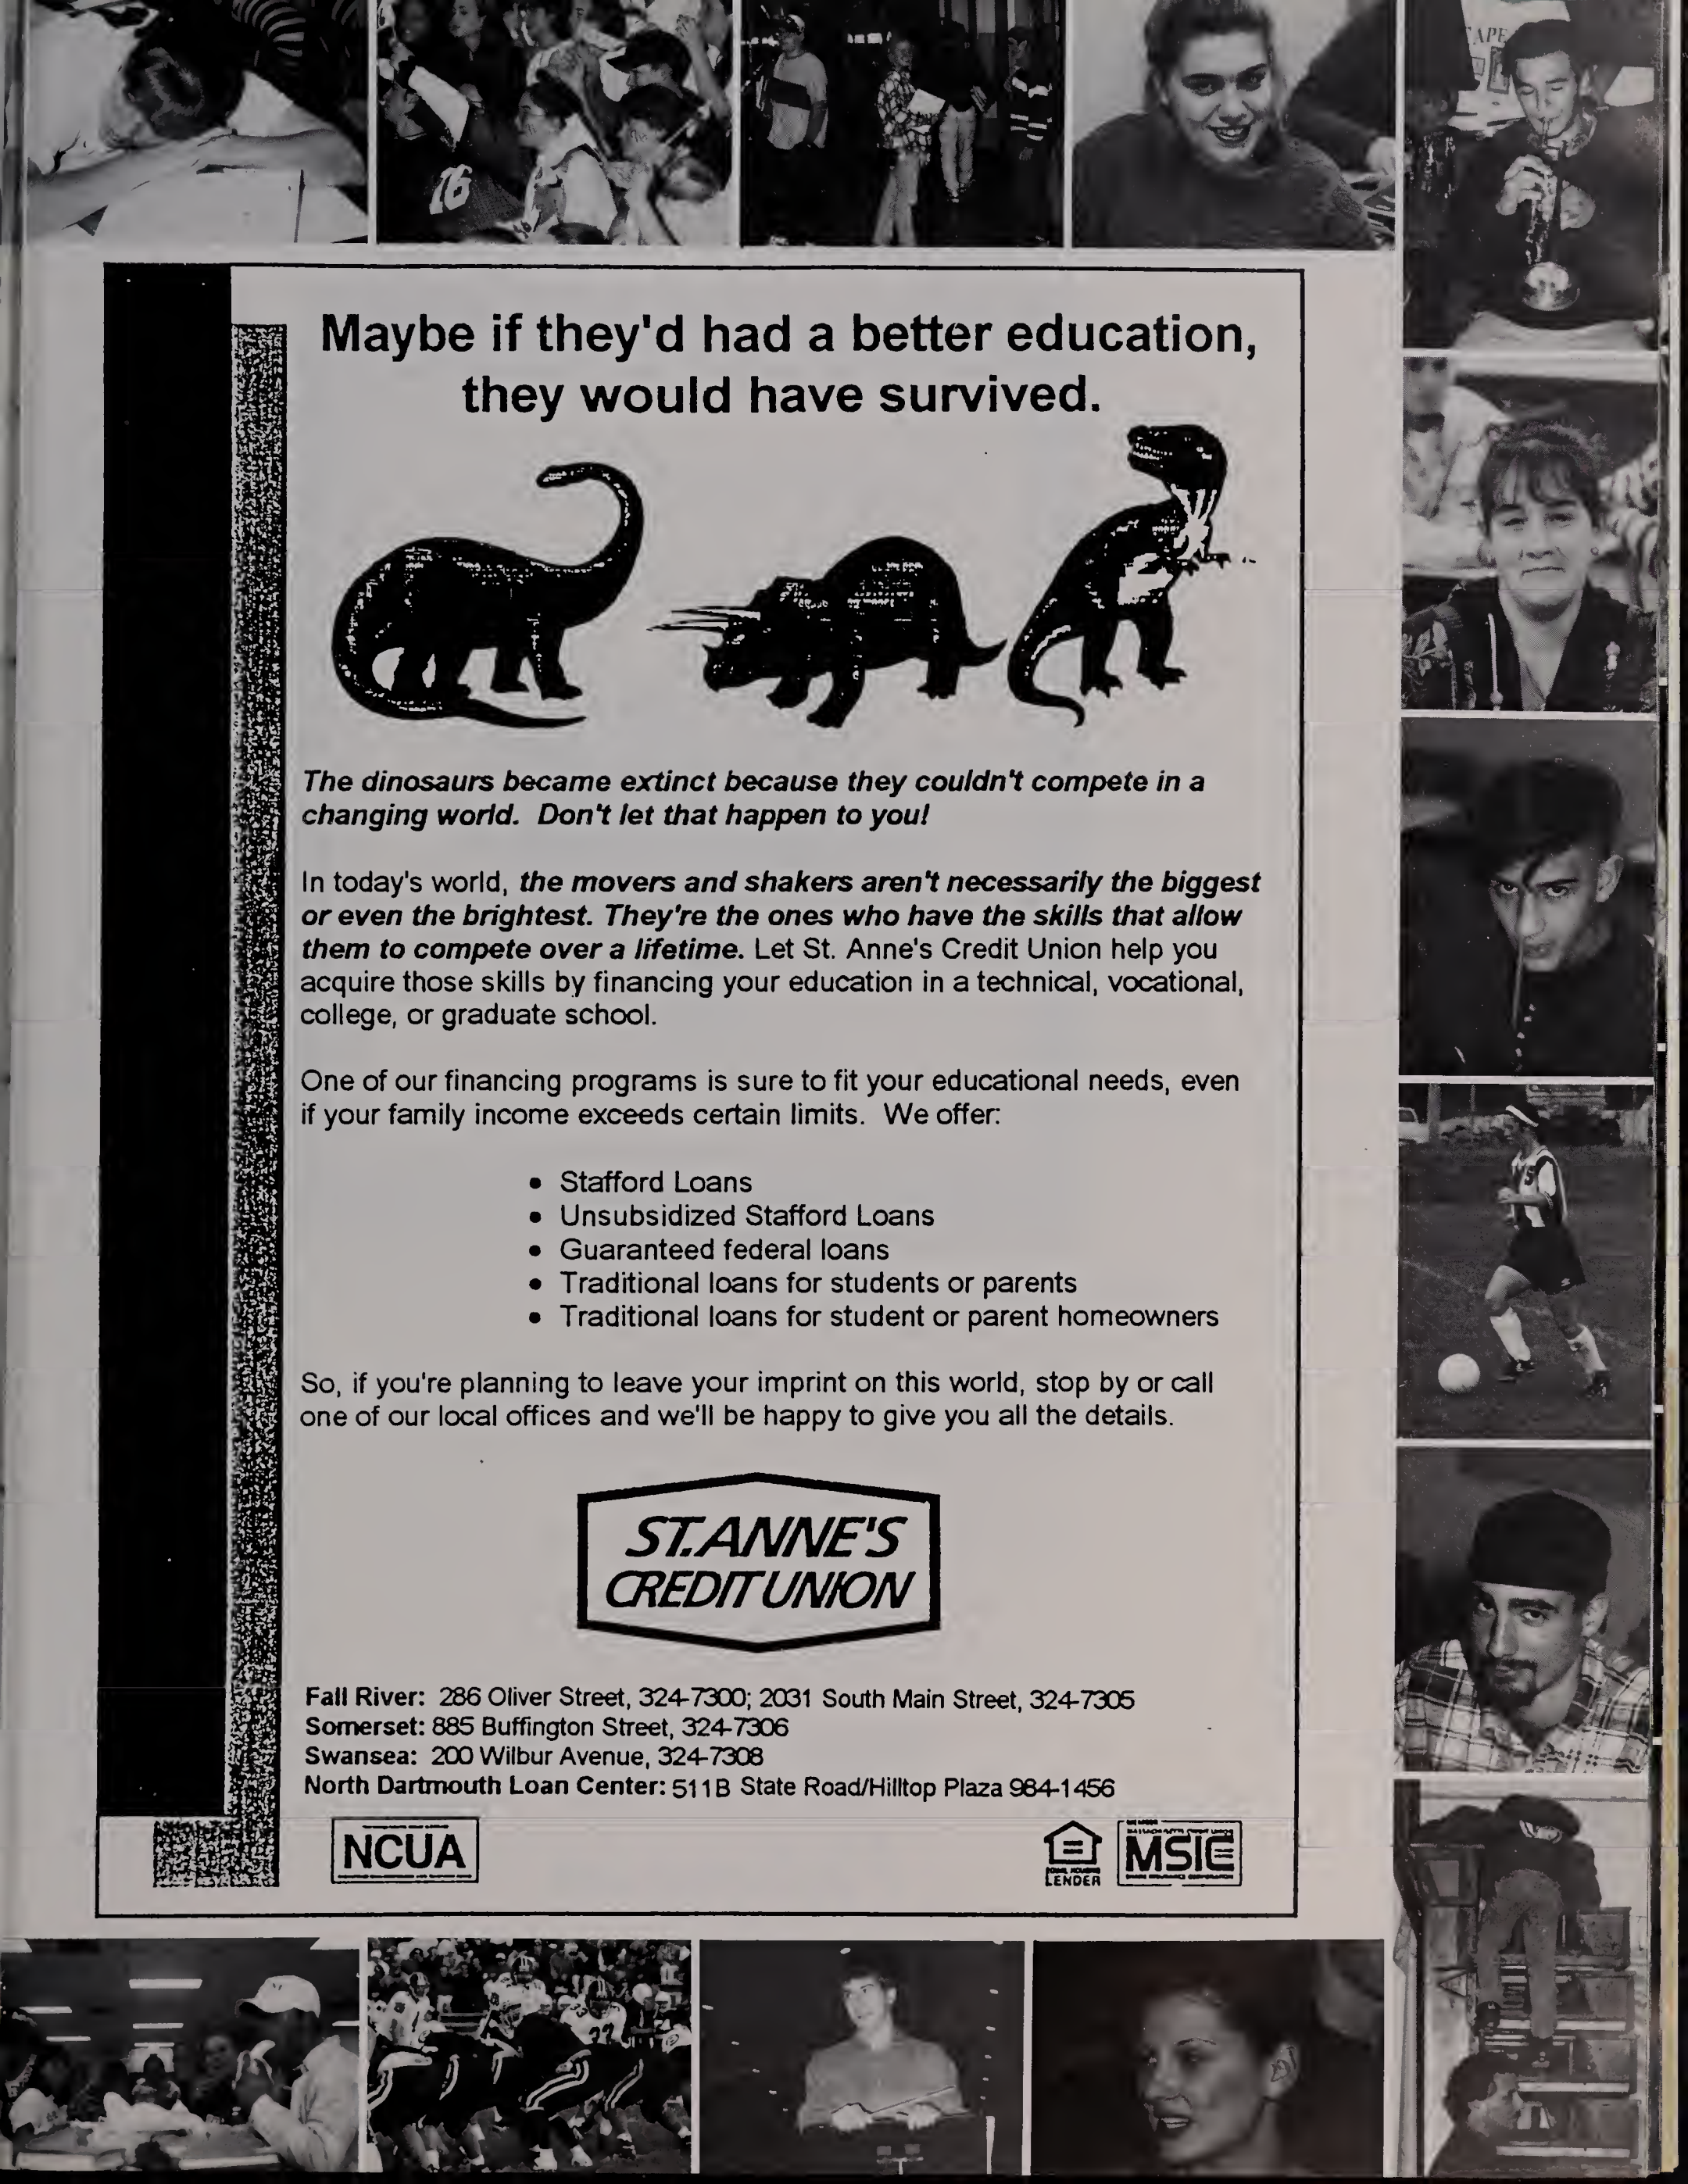

One of our financing programs is sure to fit your educational needs, even if your family income exceeds certain limits. We offer:

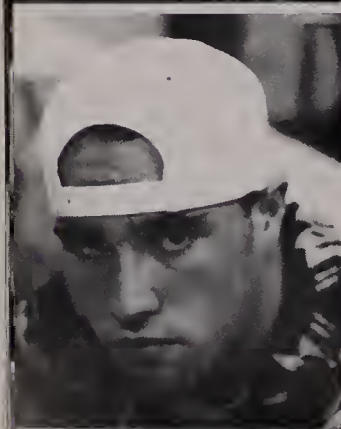

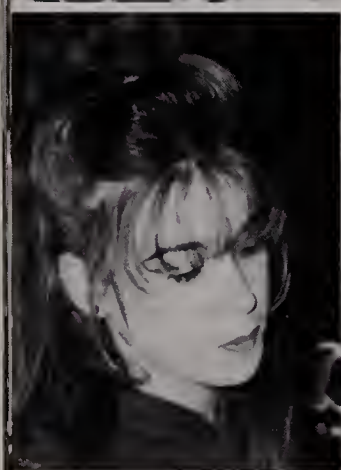

- Stafford Loans
- Unsubsidized Stafford Loans
- Guaranteed federal loans
- Traditional loans for students or parents
- Traditional loans for student or parent homeowners

So, if you're planning to leave your imprint on this world, stop by or call one of our local offices and we'll be happy to give you all the details.
